SINGAPORE, 16 December 2009 – A Singapore team broke the Guinness World Record for the “Greatest Static Cycling Distance in 24 hours” at the record breaking attempt which took place from 8 pm on 11 December 2009, to 8 pm the following day, 12 December 2009, at City Square Mall, Singapore’s First Eco-Mall.

The cycling team, consisting of Sandy Snakenberg, Bernard Ow Tai Wai, 33, Mohd Faizal, 25, Teo Song Kang, Clement Neo and Pang Ren Hui, achieved a total distance of 1,425 km – which meant that they cycled at an average pace of 59.38 km/h.

In conjunction with the teams’ efforts, City Square Mall encouraged shoppers, tenants and members of the community to peddle and generate electricity to light up the mall’s 16-metre tall eco-friendly Christmas tree, for a nominal participation fee of \$5. All proceeds from the event went to the Singapore Environment Council, an organisation dedicated to the care and protection of the environment.
