FOR IMMEDIATE RELEASE

A Mall for All in the Family – including the Elderly

City Square Mall continues to improve on its accessibility for the elderly with the provision of Space Savers, or space-saving wheelchairs

Singapore, 19 December 2013 – On 1 January 2014, City Square Mall, owned and managed by City Developments Limited (CDL), will be the first and only mall in Singapore to provide space-saving wheelchairs. Dubbed as Space Savers, this amenity is in addition to its other elderly-friendly facilities and features.

There will be a total of 10 Space Savers for loan, of which, five will be located at the waiting area near the Taxi Stand at Basement 1, and the other five will be at the entrance to Farrer Park MRT station at Basement 1. The Space Saver is coin-operated, and the coin will be refunded when the Space Saver is returned to its parking station.

Since its establishment, City Square Mall has been recognised by the Businesses for Families Council as a family-friendly mall, with something for everyone in the family spanning across different generations. Apart from being the home of Agency for Integrated Care (AIC), which provides shoppers with information and support on caregiving for the elderly and disabled, the mall has invested in improving accessibility for the elderly. Existing facilities and features include a seamless connectivity to Farrer Park MRT station, magnifying glass for reading and resting seats with holders for walking sticks, which help enhance the experience for the elderly at the mall.

The Space Savers are an addition to the existing wheelchairs, which are currently available for complimentary rental from the Level 2 Customer Service Counter.
