City Square Mall Extends Complimentary Use of Mall Space to Community Interest Groups

Fountain Square (Basement 1)

City Green (Level 1)

City Square Mall, owned and managed by City Developments Limited (CDL), will continue to offer Fountain Square and City Green as alternative venues for community-related interest groups to host events and activities at no additional cost, as part of its on-going efforts to engage and reach out to the community.

Fountain Square, a 3,900 square foot sheltered outdoor space located at Basement 1, can hold up to 500 people for a standing event. The venue is conveniently positioned beside the underground link to Farrer Park MRT station and an energy efficient fan, measuring 7.32 metres in diameter, provides a cool environment from the heat for activities held there.

In addition, Fountain Square is also home to Play Fountain, a water-play feature that operates daily with interactive musical fountain shows between 12pm to 2pm and 6pm to 10pm - when events are not held at the premises.

City Green, a 49,000 square foot urban park located on Level 1, can host up to 150 people in an alfresco setting. Designed and developed by CDL in consultation with the National Parks Board (NParks), the park is also managed by CDL on behalf of NParks. A star attraction of the park is an eco-playground that features equipment constructed from wood certified by the Forest Stewardship Council, a certification system that promotes responsible forest management worldwide.
